COCKTAIL MENU

Dear Guests,

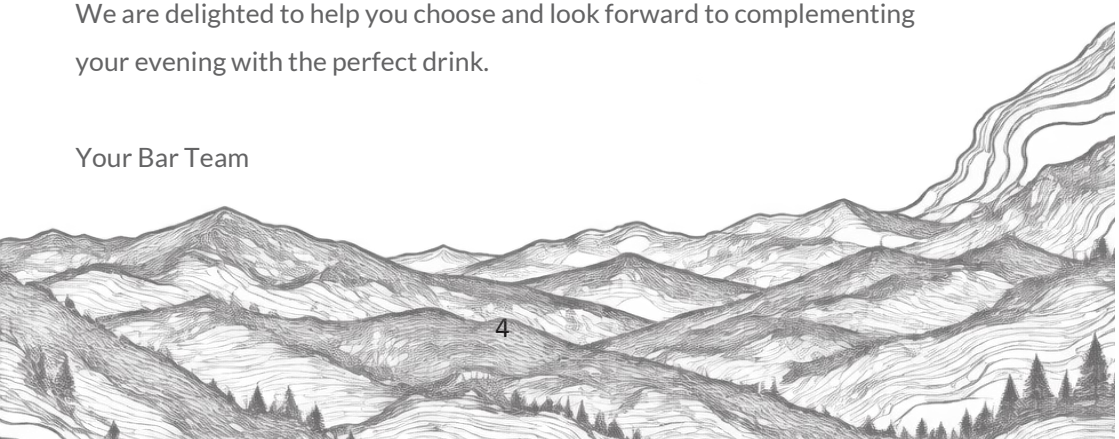

as the vineyards change colour, the air grows crisp and the days grow shorter, our tastes change with the season. Ripe fruit, fragrant herbs, delicate spices and nutty aromas accompany us through autumn and winter.

Some of our drinks evoke familiar flavours such as Spekulatius, while others surprise with subtle smoky notes, bright acidity or sparkling Champagne. From fruity and light to bold and spicy, we invite you to explore the many flavours of this season. Selected cocktails are also available without alcohol.

The illustrations in our menu reflect the colours, landscapes and moods that inspired our drinks. Take your time as you browse – perhaps a familiar aroma will catch your attention, or an unexpected combination will spark your curiosity.

We are delighted to help you choose and look forward to complementing your evening with the perfect drink.

FRUIT BRANDIES & SPIRITS

Between the Black Forest, the Rhine Plain and the vineyards surrounding Freiburg im Breisgau lies a landscape shaped by fruit growing and viticulture for generations. Cherries, pears, apples and plums belong to this region just as much as the people who transform them with expertise and patience.

The distilling tradition of southern Germany is closely tied to rural life. On many farms, fruit that could not be used otherwise was distilled into fruit brandies. Historic distilling rights and knowledge passed down through families gradually shaped a distinctive craft. Small farm distilleries grew into renowned houses whose names are now known far beyond the region.

Their importance can also be seen in the landscape itself: making use of fruit from old trees helps preserve traditional meadow orchards and their biodiversity. In this way, distilleries safeguard a part of regional history while bringing it forward with new ideas.

Our selection invites you to discover these different signatures – from pure fruit aromas to delicate spice and gentle notes of wood. We will gladly guide you on your journey of discovery.

WILD

Gengenbach · Since 1855

In Gengenbach, the Wild family has been dedicated to Black Forest distilling since 1855. Their particular expertise lies in aromatic fruit brandies: fruit mainly from their own orchards and historic meadow orchards forms the foundation, with the aim of capturing the distinctive taste of each variety.

SCHLADERER

Staufen · Since 1844

Since 1844, the Schladerer family has cultivated the Black Forest art of distilling in Staufen. We particularly highlight their rarities: carefully selected fruit, small distillation batches and gentle ageing in ash-wood casks give these spirits their subtle depth. Each cask is bottled individually once fruit and maturity are in perfect harmony.

FAUDE

Bötzingen · Since 2006

For Florian Faude, a fine fruit spirit begins on the tree, the bush or in the field. In Bötzingen am Kaiserstuhl, the trained winemaker has been transforming hand-picked fruit and rediscovered heritage varieties into expressive spirits since 2006 – an invitation to experience familiar aromas in a surprisingly new way.

ZEITLOS

Vogtsburg · Since 2020

For Birgit and Harald Vögtle in Vogtsburg, enjoyment begins in their own meadow orchards. Drawing on generations of expertise and meticulous craftsmanship, their ZEITLOS manufactory produces small batches of distinctive fruit brandies and spirits – a taste of Kaiserstuhl to discover and savour.

ONSEN

St. Georgen

Old fruit varieties, ready to be rediscovered: at the Freiburg distillery Onsen, Holger Frey dedicates himself to their distinctive aromas with patience and three generations of distilling expertise. His single-variety vintage fruit brandies are made in small batches – gently distilled, refined with Black Forest spring water and true to their original character.
